

Cavenago di Brianza, 03/07/2020

**OBJECT: Declaration according to art. 33 of Regulation (EC) n.1907/2006 of the European Parliament and of the Council concerning the registration, evaluation, authorization and restriction of chemicals (REACH).**

In reference to the EU Regulation 1907/2006, ACL S.r.l. declares that products supplied are classified as "Articles" (art. 3.3 of the Regulation) and, thus, are not subject to registration in conformity with art.6 of the Regulation.

On 27.06.2018 metallic Lead (CAS no 7439-92-1 (1)/EC no 231-100-4) has been added to the "Candidate List" by the European Chemicals Agency (ECHA) requiring, to the producers along the supply chain, the declaration of the substance in articles.

ACL S.r.l. fully complies with the requirements of art. 33 declaring that articles can contain components made with alloys (steel or brass) with lead concentration over 0.1% (p/p).

It is ACL S.r.l. priority to inform you promptly, if necessary, in case of changes to Regulation.

For any further information please contact our reference sending any request to e-mail address [infoacl@acl.it](mailto:infoacl@acl.it).

Vito Spinelli
